Lifebuoy, 2,5 kg

Art.no.: 0820106

A classic 30" lifebuoy weighing 2.5 kg, made from tough crosslinked polyethylene and equipped with retroreflective tape. Durable, reliable, and approved for professional marine use.

This traditional 30" 2.5 kg lifebuoy is manufactured using hard crosslinked polyethylene, providing excellent durability and longterm resistance to demanding marine environments. The lifebuoy features retroreflective tape for enhanced visibility in both daylight and nighttime conditions.

Approved under MED Ships Wheel and MCA standards, it is suitable for commercial vessels, leisure boats, ports, and offshore installations. Its low weight ensures easy and accurate throwing in emergency situations, while the rigid construction delivers strong buoyancy and stability in the water.

Weight	2.5 kg
