Boat hook extender, 1 mtr

Art.no.: 0830232

Lightweight and durable extension shaft for boat hooks made from sturdy aluminium. Provides extended reach and improved control during docking and handling

This extension shaft for a boat hook is crafted from durable aluminium, offering an excellent balance of strength and low weight. With a length of 1 meter, it allows for increased reach, making it easier to manage lines, retrieve objects, and maneuver close to docks or shore. Suitable for both leisure and small boats, and designed for marine environments.

SEO Title:

Length	1.0 mtr
Material	Aluminum
