# WD-40 Degreaser

Art.no.: 0531094

Specialist Fast Acting Degreaser is a solvent-based, spray degreaser that quickly removes stubborn soiling such as oil, grease, dirt and grime without leaving any residue.

Simply spray on the clear formula before wiping or rinsing away for a clean finish. For heavy soiling leave for a few seconds to penetrate through the dirt before wiping clean. It's perfect for a range of applications, from cleaning alloy wheels and tyre rims to degreasing engine components. As well as cleaning, this fast acting degreaser spray will also reduce wear and tear on your components, keeping them clean and running smoothly for longer.

WD-40 Fast Acting Degreaser is safe to use on metals, glass, and aluminium.

With the Smart Straw applicator, you've got two ways to spray; use the flip up straw for hard to reach areas, such as inside chains, locks or rollers, then flip it down to use the wide angle spray eye for area coverage on surfaces. Whichever way you need to spray, you can rely on the clever 360° valve to work efficiently at every angle, even upside down.

**Features and benefits**

- Dual action Smart Straw applicator for wide area and precision spray applications
- Cleans equipment to make it run smoother and last longer
- Works immediately on contact • Easy to rinse and leaves no residue
- Cleans away oil, grease, dirt and grime
- Can be used on a variety of surfaces.

**Recomended for**

- Degreasing hand and power tools
- Degreasing engines
- Removing grease from chains and gear mechanisms
- Cleaning grease from industrial machinery
- Degreasing tyre rims and alloy wheels
- Cleaning printing presses
- Cleaning exhaust pipes
- Removing grease from flooring
