Construction adhesive - illbruck PL400

PL400 is a single-component construction adhesive suitable for a wide range of applications.

- Excellent adhesion to most construction materials both indoors and outdoors, as well as cold, damp, and greasy surfaces.
- Water-, cold-, and heat-resistant (-40 °C to +100 °C). Long-lasting.
- Thanks to gap-filling properties, the adhesive allows irregularities of up 10 mm in the bonded surfaces.
- Remains elastic even when cured, allowing for slight movements between the bonded surfaces.
- Can be painted over one month after application.

Brand	illbruck
