

CR-socket - GN SO4

GN ROPE FITTINGS

CR socket made in cast steel with a galvanized or painted finish. Can be delivered with a 3.1B certificate on request

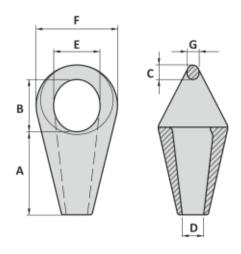

CR sockets give the best possible connection between a chain and rope anchoring system. These sockets included our non-rotating system (NRSsystem) which prevents the tamp for turning or slipping out of the cone and guarantee a high performance connection.

Material: Cast steel

Safety factor: 5 times Temperature range: -40°C up to +200°C, Polar Rated

Material Cast steel
