Full face mask - Sundström SR 200 size M/L

Art.no.: 1218380

The Sundström SR 200 is a premium full face respirator designed for professionals who require superior protection, outstanding comfort, and an excellent field of vision. Its advanced design combines low breathing resistance with reliable sealing performance for demanding work environments.

The Sundström SR 200 is a full face mask manufactured from high-quality silicone for exceptional comfort and fit. The respirator is equipped with three inhalation valves and two exhalation valves, providing very low breathing resistance and comfortable operation during extended use.

Its spherical scratch-resistant polycarbonate visor offers a wide field of view while providing effective eye protection. The broad face seal, large head harness, and adjustable head straps ensure a secure and comfortable fit for most users. FDA- and BGA-approved materials help minimize the risk of contact allergies.

The SR 200 can be used with Sundström filters for protection against gases, vapours, and particulates, with the SR 307 compressed air attachment, or as a facepiece in combination with the Sundström SR 500 and SR 700 powered air respirator systems using the appropriate hose connection.
