

Coverall winter, antifiame – Offshore Rederi

Durable, waterproof, flame-retardant winter coverall with quilted, insulating lining. Adjustable and detachable hood, concealed 2-way zip at front, and several practical pockets. Straps at chest and back of neck for attaching a Regatta life jacket. Adjustable waist, sleeve cuffs, and leg hems. This coverall is ideal for work outdoors or in cold environments, for which flame protection is required.

Waterproof outer, taped seams, and quilted lining. Stand-up collar with fleece, detachable hood with helmet-adapted visor, adjustment and Velcro closure at front, and concealed 2-way zip with protective flap. Ribbed cuffs, loops inside waist for attaching braces, exterior belt loops and belt, and zip on legs with flap. Straps on chest and at neck for attachment of the Regatta Freesafe life jacket (art.no. 396-150). Two chest pockets with flap, ID-card pocket, mobile phone pocket, one sleeve pocket with flap, two front pocket with zip and flap, map pocket with zip, one interior pocket, and one back pocket with flap and ruler pocket. Reflective segments on shoulder, sleeve, and leg.
