

Safety helmet – Iris

Safety helmet with integrated glasses

Safety helmet made of ABS plastic with a six-point adjustable harness and a deep neck band for stability. It features ventilation that can be opened and closed. Suitable for head sizes 52–64 cm. The helmet has integrated safety glasses that can be fully retracted into the helmet. The glasses can be flipped up and allow for the use of prescription glasses. Complies with NS-EN 397, 166, 172, 169, and EN 50365.
