

Adjustable trolley - Tiger APT

Tigers high quality, heavy-duty, easy to adjust trolleys allow you to suspend a lifting appliance or load and easily transport it along the length of a beam.

- Fitted with a screw spindle which allows lockable adjustment to the various flange sizes within its capacity
- The anti-drop plates design ensures extra safety and prevents damage to wheels when contacting end rail stoppers
- Wheels run on sealed bearings for smoother rolling with less effort and maintenance
- Powder coated universal wheels suit both tapered and flat flange beams

- Locking device with high clamping force
 Operating temperature of -40°C to +80°C
 The 5:1 factor of safety allows for use with manual or powered hoists
