

# Geared trolley – Tiger TGT

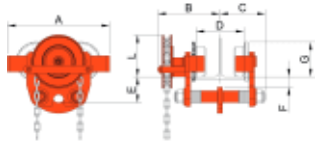

Geared Trolley, twin bar

- The anti-drop plates design ensures extra safety, and prevents damage to the wheels when contacting end rail stoppers
- Tiger trolley wheels are specially designed with a convex profile eliminating potential point loading
- The wheels run on sealed bearings for smoother rolling with less effort and maintenance
- Extended beam width available
- Operating temperature of  $-40^{\circ}\text{C}$  to  $+80^{\circ}\text{C}$
- Powder coated universal wheels suit both tapered and flat flange beams
- The 5:1 factor of safety allows for use with manual or powered hoists

Sales unit: PCS
