Deck bracket DF-31-45

Art.no.: 0380030

Deck bracket with dovetail design at 45°, developed for safe and efficient cargo securing under high loads. Robust construction and primerpainted finish make it suitable for demanding industrial and maritime environments.

The Deck Bracket DF3145 is a heavyduty fixing point designed for installation in dovetail tracks with a 45° load direction. The design ensures optimal load transfer and secure anchoring when securing heavy cargo.

Manufactured from highstrength steel (SCW480), the bracket features a primerpainted finish of approximately 50 µm, providing increased corrosion protection and visibility. The deck bracket is intended for professional use in transport, offshore and industrial applications where safety and reliability are critical.

Each unit is clearly marked with ILS and product code, along with a batch number including production date for full traceability.

Weight	3.68 kg
Material	Steel
Surface treatment	Paintet

Model	DF-31-45
HS code	73269000
COO	-
Sales unit:	PCS
Master packaging (pcs)	150
