

Eye elephant foot

Art.no.: 0380150

Eye elephant foot manufactured from forged steel with a durable painted finish. Designed for safe cargo securing in demanding industrial and maritime environments.

The eye elephant foot is a heavy-duty cargo securing component manufactured from forged steel (EN-18), designed to withstand high loads and ensure long service life. It features a durable painted finish in RAL 2000, providing increased visibility and surface protection.

The product is marked with ILS and the product code on one side, and a batch number including production month and year on the other side for full traceability. Suitable for professional lashing systems used in transport, offshore and industrial applications.

Weight	0.9 kg
Material	Forged steel
Surface treatment	Paintet
For chain diameter	9, 11 & 13 mm mm
MBL	20.4 T
Model	HO-220
HS code	73269098
COO	CHN
Sales unit:	PCS
Master packaging (pcs)	0
