SAR pole sling with spikes

Art.no.: 0671101

Pole sling with spikes for composite poles .A pole sling with spikes for better friction, specially designed for composite poles. Used in the usual manner with a positioning lanyard.

- Designed for composite poles, with spikes that provide improved friction and grip
- Used in the standard way with a positioning lanyard
- Equipped with a reinforced TRI-Lock snap hook at one end for safe and easy attachment and detachment
- Includes a small snap hook for added convenience

Thanks to the double-layered nylon webbing with integrated spikes, the risk of the sling slipping down the pole is significantly reduced. This ensures greater safety and stability during pole work.

Produced in accordance with	NS-EN 795
Model	23835-KOMP
HS code	73269000
COO	-
Sales unit:	PCS
Master packaging (pcs)	0
