

# Tool lanyard – NLG Heavy duty bungee tool lanyard

Art.no.: 1510013

The Heavy Duty Bungee Tool Lanyard has been designed for the harshest work environments and for securing those heavier tools that other lanyards struggle with. Featuring an abrasion-resistant webbing, a heavy-duty twistlock carabiner and a Dyneema loop it really was built with durability in mind.

Tool straps for securing tools at height. CE marked and tested to a safety factor of 2:1. All tools weighing over 2.0 kg should be tied to a fixed object rather than your body.

Max. load for steel wire rope	18.0 kg
