

Signal, triangle

Art.no.: 1110082

Durable black triangular day signal designed for clear visual indication at sea in accordance with maritime signalling regulations.

This triangular day shape is used on vessels to indicate navigational or operational status during daylight hours in compliance with COLREG standards. The black colour provides strong contrast, while the 60 × 55 cm size ensures high visibility from a distance.

Constructed from durable materials suitable for marine environments, it is ideal for commercial vessels, workboats and recreational craft requiring compliant daytime signalling.

Color	Black
