

Tripod – Miller DuraHoist 3Pod System

Art.no.: 0618190

A simple tripod solution configured for various work situations in confined spaces, which is easy to transport and quick to set up. This system can be adapted to shafts with diameters of 1 m, 1.50 m, and 2.50 m.

Features & benefits:

- Easy to transport and move (the ergonomic leg profile allows it to be gripped with one hand)
- Quick and safe installation in under 2 minutes (all legs open simultaneously, one single knob secures all legs together)
- Adaptable to hatches of different sizes (1 m – 1.50 m – 2.50 m)
- Certified according to the latest standards EN 795:2012 Class B (CN/TS 16415)
- Tested for 2 people (maximum 140 kg each)
- Open/locking mechanism located at the top of the tripod
Number of anchor points on the top: 3 holes + 1 swivel eyelet
- Adjustable legs
Engraved markeres for easy length adjustment of the legs. Locked in place with a safety locking pin.
- Brackets for easy and quick installation of accessories on the external side of the legs
Rescue device (Positioning recovery SRL) to secure the entry to the confined space (fall prevention barrier) + rescue of one person.
Winch for lifting loads (Maximum load limit 300 kg)
