

Tool Belt with Height Safety – Bahco

Art.no.: 1396135

Durable and heavy-duty tool belt from Bahco, designed for demanding work environments. Featuring 6 integrated safety rings for lanyard attachment, it enhances safety when working at height while keeping tools organized and accessible.

This heavy-duty tool belt from Bahco is engineered for professionals working in demanding conditions where both safety and efficiency are essential. The belt includes six strong safety rings that allow easy attachment of tool lanyards and fall protection equipment.

Its robust construction ensures long-lasting durability, while the ergonomic design provides comfort throughout the workday. Ideal for industrial applications, construction, and working at height.

Features

- Made from durable 50 mm polypropylene webbing and genuine leather.
- Features six strong loop holders combining stainless steel D-rings with reinforced polyester webbing.
- Includes double hole lines and two leather loops for additional tool attachments.
- Adjustable to fit all waist sizes from 29" to 47".
- Fitted with solid rivets for maximum durability.
- Ideal for working at height.
- Complies with "DROPS Best Practice" standards.
