

# Label remover – CRC Label Off Super

Art.no.: 0531042

CRC Label Off Super is a highperformance label remover that quickly dissolves selfadhesive paper labels from most surfaces. It also removes adhesive residues effectively and is NSF listed as an adhesive and glue remover (NSF K3).

CRC Label Off Super is a solvent blend free of CFCs and HCFCs, designed for fast and efficient removal of selfadhesive paper labels. After wetting the label, the product penetrates and dissolves the adhesive within 2–3 minutes, making it easy to remove labels and residue with minimal effort.

The formulation is suitable for most surfaces, but users should test on plastics prior to full application to ensure compatibility. With its NSF K3 registration, CRC Label Off Super is approved for use in industrial environments where adhesive and glue removal is required under hygiene regulations.

Typical applications include label removal from tools, machines, packaging, shelving systems and general industrial or warehouse surfaces.

Volume	250.0 ml
Brand	CRC
HS code	48211010
COO	BEL
Sales unit:	PCS
Master packaging (pcs)	12
