# Paint remover - CRC Paint Stripper

Art.no.: 0541710

CRC Paint Stripper is a powerful and timesaving remover designed to dissolve paint, adhesives, filler, soot, and oil residues with ease. The fastacting formula reduces the need for scraping and sanding, making it ideal for both professionals and DIY users. With controlled evaporation, it performs excellently on vertical surfaces and ensures clean, smooth results.

CRC Paint Stripper is engineered to simplify the removal of paint and stubborn surface contaminants. The formula penetrates deeply and breaks down layers quickly, reducing the need for aggressive mechanical work.

Suitable for painted surfaces, adhesive residues, filler compounds, soot, and various oilbased deposits, it offers reliable performance on both horizontal and vertical applications. The controlled evaporation prevents running and allows for more precise application, resulting in cleaner work and a surface ready for further treatment.
