

# Prohibited Landing Flag

Art.no.: 0453320

Clear and reliable signal flag used to indicate a closed helideck. Supplied with durable ropes and a protective wooden storage case.

The FRICTAPE 7007-101 CAP437 "Landing Prohibited" flag is designed for situations where a helideck must not be used. It provides a clear and internationally recognized signal indicating that landing is prohibited, in compliance with CAP437 standards.

To ensure durability and long service life, the flag is equipped with highly durable black polyester ropes suited for harsh offshore and maritime environments. The product is delivered in a robust wooden case, providing excellent protection during storage and transport.

This makes it a practical and reliable solution for maintaining safety procedures and ensuring clear communication in critical situations.

## Key Benefits:

- Clear indication of helideck closure
- Compliant with CAP437 standards
- Durable black polyester ropes
- Supplied with protective wooden case
- Suitable for offshore and marine environments
