

Work Light, LED, IP65 – brennenstuhl®Multi Battery 3000 MA

Art.no.: 1111090

Professional LED work light designed for construction sites, workshops and industrial environments. The Brennenstuhl® 3000 MA delivers up to 3150 lumens and is compatible with 18V batteries from multiple leading power tool brands, offering maximum flexibility and reliable illumination wherever you work.

The Brennenstuhl® Professional Multi Battery LED Work Light 3000 MA is a durable and powerful lighting solution for demanding work environments. Thanks to the innovative Multi Battery 18V system, the light is compatible with batteries from Bosch Professional, DeWalt, Einhell, Fein, Festool, Flex, Hikoki, Makita, Metabo CAS and Milwaukee.

Providing up to 3150 lumens, the work light features four brightness settings at 100%, 75%, 50% and 25%, allowing users to optimize lighting and runtime according to their needs. The wide-area illumination ensures excellent light distribution with reduced glare for comfortable working conditions.

Built for tough environments, the lamp features IP65 protection against dust and water jets, IK08 impact resistance and an integrated battery protection system that guards against deep discharge, overheating and battery faults. The flexible design allows upright positioning, flat placement or tripod mounting.
